

Swimming Pool Treadmill

Transform your pool into a home gym, providing a unique, low impact, high intensity workout that is perfect for all ages and fitness levels. The Aquabilt™ Pool Treadmill offers you exciting benefits including:

- Great overall cardio-vascular workout
- More calories burnt in less time
- Low impact and minimal recovery time
- Improved strength with natural biomechanics
- Safe and easy to use for all fitness levels
- Versatile – run, walk, lunges, backwards, resistance moves
- FUN, and you'll never know you are sweating!

MODEL A-2000

- Used in any in-ground or above-ground pool with water level at mid-chest
- Lightweight
- Uses no motorized equipment
- Design is robust and maintenance free
- Can stay in pool year-round
- Made from highest quality materials selected specifically to withstand heavy use, the outdoors and years submerged in pool water without deterioration

SPECIFICATIONS

Materials: Polyethylene, ABS, PVC and Stainless Steel

Weight with handrail: 46 pounds

Footprint: 40" x 26"

Belt: 31" x 18"

Height with handrail: 48"

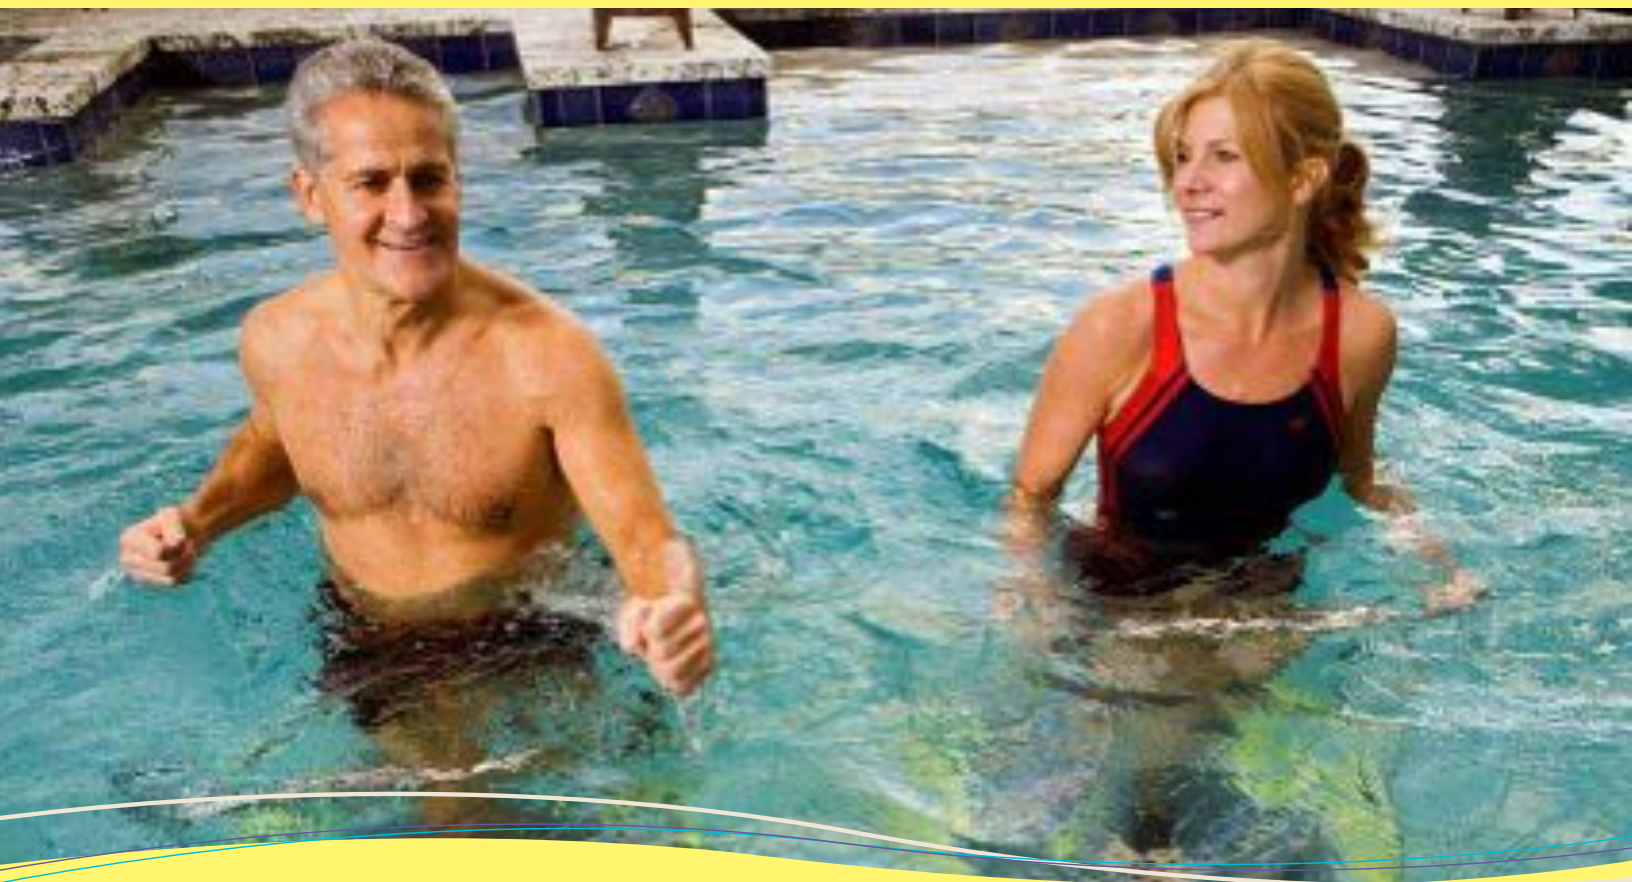

Height w/o handrail: 11" (at tall end);

Shipping weight: 56 pounds

Handrail is installed or removed without tools in 10 seconds.

Treadmill can remain in water year-round, but should be covered if left on deck to avoid UV rays

Aquabilt™ can be used in the pool, on the pool deck or in the home every day of the year, maximizing the investment for homeowners who are not able to use their pool year-round.
